Your Individual Benefits Plan

Welcome to New London Hospital, the official sponsor of your benefits program. As a benefit eligible employee, you are eligible to participate in New London Hospital’s comprehensive benefits program. This summary of benefits is provided to give you a general overview of the benefit choices you have as a New London Hospital employee. The plan year for all benefits is January 1, 2018 through December 31, 2018.

We have attempted to make this summary as concise as possible. However, if there are any discrepancies between this summary and the actual plan documents, the plan documents supersede this summary. Employee benefit plans and policies may be changed at the sole discretion of the company. Please be sure to read all benefits information provided to you. Once you make your benefit elections they will be effective for the plan year. The only time you may change your benefits during the plan year is in the event of a qualified life change. This is defined as the birth or adoption of a dependent, death of a dependent, marriage, divorce or loss of other coverage. In order to change your benefits as a result of one of these circumstances, you must notify Human Resources within 30 days of the qualified event. New London Hospital conducts an open enrollment period once a year for anyone who wants to change their benefits but has not had a qualified life event.

New London Hospital’s enrollment system- bswift-gives employees’ easy access to their benefits information, decision support tools, and other forms throughout the year.
New London Hospital’s medical plan is designed to protect employees and their families against the cost of illnesses and/or injuries. New London Hospital pays a portion of the annual premium cost for health insurance.

New London Hospital offers eligible employees three medical plan options through Health Plans Inc. (HPI), a subsidiary of Harvard Pilgrim Health Care: HRA 1, HRA 2, and HSA. These plans combine high deductible health plans with either a Health Reimbursement Account (HRA) or a Health Savings Account (HSA). New London Hospital will make a contribution to the HRA/HSA account for each participating employee. These funds can be used to pay a portion of the associated deductible:

**Flexible Spending Account (FSA)**

Flexible Spending Accounts (FSA) allow employees to pay for certain non-reimbursed medical and dependent care expenses by setting aside pre-tax dollars through payroll deductions. New London Hospital offers this benefit to our employees starting upon employment, and each year during open enrollment. For 2018, employees can allocate up to $2,600 through the Health Care FSA, and up to $5,000 through the Dependent Care FSA. Special rules limit the use of FSA accounts for participants covered under the HSA 3000 Medical Plan. For more information about the Limited Purpose FSA, please contact Human Resources.

The tax-advantage means that employees save on Federal, State and FICA taxes, which helps offset some out-of-pocket expenses. Before making any decisions regarding opening an FSA account, employees should determine how much money they think they and/or their dependents will spend during the plan year on out-of-pocket expenses.

**Important: USE IT OR LOSE IT RULE**

It is important to plan carefully when setting aside money for these accounts because the money must be spent on services within the coverage period. Any money over $500 that is left unspent is forfeited. Any amount $500 or less will be rolled into the next year.

**Eligibility:** To be eligible to participate, employees must be considered a “Part Time” or “Full Time” employee. Coverage is effective the first of the month following date of hire.

**Identity Protection Premiums**
We are pleased to be able to offer a new voluntary identity protection benefit through “idwatchdog”. There are three levels of coverage available.

**Additional Information**

**COBRA Information**
The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) gives employees the right to a temporary continuation of health, dental, vision, and FSA coverage under the group plan. COBRA is available to employees and their family member(s) when coverage is lost on any of these plans.

**HIPAA Information**
The Health Insurance Portability and Accountability Act of 1996 (HIPAA) mandates special enrollment rights to individuals who previously declined coverage under the group plan because of other coverage. A special enrollment period can occur if that other coverage is no longer available or for family status changes like marriage, birth or adoption. Employees who declined enrollment for self or dependents may later enroll within 30 days of a change in family status or loss of health and dental coverage.

**Women's Health & Cancer Rights Act of 1998 (WHCRA)**
For members who receive mastectomy-related benefits, coverage must be provided for all stages of reconstruction of the breast on which the mastectomy was performed, as well as surgery and/or reconstruction of the other breast to produce a symmetrical appearance. The coverage under your group health plan is subject to the same deductibles and co-insurance applicable to other medical and surgical benefits provided by the plan.

**CHIPRA Information**
The Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA) provides employees and their dependents with a special enrollment right without having to wait for an open enrollment period in certain circumstances. Enrollment must be requested within 60 days after the loss of eligibility under Medicaid or CHIP or after the date it is determined the employee or dependent becomes eligible for premium assistance.

*Please contact Human Resources for more information about these laws, or if you think any of them may apply to you.*
