

Dear Patient,

Thank you for choosing the New London Medical Group for your medical needs. Our goal is to provide you with quality care every time.

To ensure that the New London Medical Group team has all of your medical information, we ask that you complete and sign the attached Authorization for Release of Medical Records so we may request your records from your previous medical provider. Please note that if you do not fill in the entire Medical Record release form it will hold up the request of your records and delay your first appointment. Your records may take up to 30 days to receive; you will be contacted once your records have been processed.

Also, please complete the Patient Information and Patient History forms. You may return all forms by mail or drop them off at the main reception desk.

If you have a provider preference, please select: ☐ **Male** ☐ **Female**

Your provider preference will be taken into consideration by the Medical Group Leadership who reviews the new patient requests.

If you have any questions, please contact us at 603-526-5544. The New London Medical Group team looks forward to taking care of your healthcare needs.

Preparing For Your First Appointment

Why Are We Requesting Your Previous Medical Records?

Your new primary care provider will review your records before your first visit. This helps them to do their part in preparing for the appointment to establish care with you and allows them to spend more time during the visit discussing your questions and concerns. Transferring your medical records helps ensure a smooth transition. When reviewing your medical records, the provider is able to learn valuable information, such as

- Health Maintenance: Your provider can determine what testing you may be due for such as routine screening tests. If you have recently had any testing done, which can help prevent unnecessary repeat testing. It will also indicate which immunizations you may be due for.
- Medication Reconciliation: Each time a patient moves from one PCP office to another, the provider should review previous medication orders and allergies. Any prescription and over-the-counter medications (including any vitamins/herbs/supplements) will be reviewed and added to your list of current medications as appropriate. This helps us to refill medications in a timely manner and establish a baseline to prevent medication errors that could lead to adverse events and harm. *Please bring your medication bottles with you so that we can record the correct dosage.*
- Documentation of Chronic Conditions: Chronic conditions such as diabetes and high blood pressure should be reviewed regularly with your healthcare provider. Having these conditions documented in your medical chart helps to ensure that they are properly monitored.

Important Medical Records Your Provider Will Want to Review:

- Office notes from your previous primary care office
- Office notes from any specialty departments (dermatology, physical therapy, behavioral health, etc.)
- ER/Urgent Care visit notes
- Hospitalization summaries
- Surgical records
- Immunization records
- Current medication list
- Test results (labs, imaging, etc.)
- Healthcare directives, such as power-of-attorney or a living will

If you're needing an additional PERMISSION TO SEND HEALTH INFORMATION TO DARTMOUTH HEALTH form allowing us to request medical records from multiple facilities, you may ask our office for an additional form or access it on the newlondonhospital.org website (<https://www.dartmouth-health.org/sites/default/files/2024-11/permission-to-send-health-information-to-dartmouth-health.pdf>)

Please bring your insurance card so that we can add it to your medical chart.

It's also important to let the office know in advance if you would like an interpreter. You have the right to receive healthcare in your preferred language.

If you do not cancel your appointment prior to the time of your appointment, or if you do not arrive for your appointment, you will be marked as a no-show.

If you arrive 10 minutes past the time of your appointment your appointment will be cancelled. We will try our best to accommodate you and reschedule the appointment for the same day, but this is not guaranteed.

We look forward to meeting you!

HEALTH INFORMATION TO BE SHARED

Fill in the date range that applies to the health information you are requesting to be sent to Dartmouth Health.

Check the box(es) that describe the information you are requesting to be sent to Dartmouth Health.

- For multi-provider group practices, you can indicate you want to have records sent from only a specific provider by checking the “Records from a specific provider” box and filling in the relevant provider’s name.

Fill in a description of the purpose of the requested records. Examples: Transfer to new provider, facilitate treatment, summarize treatment, etc. **This section must be completed in order for the form to be valid.**

SENSITIVE HEALTH INFORMATION

Depending on the state where your healthcare provider practices, additional laws and/or signature requirements may apply to releases of “sensitive” categories of health information. **If you do not place your initials in the spaces provided**, the healthcare provider may release such sensitive information as necessary to fulfill your request.

DURATION & REVOCATION

Your authorization will remain valid for one year from the date of your signature, unless you specify a different date in the space provided. You have the right to revoke your permission at any time. Note that your revocation will not apply to any previously released information. Please revoke by following the directions in the healthcare provider’s Notice of Privacy Practices, or call the provider’s office where your records are located.

ADDITIONAL INFORMATION

Please read this section on the form. Please fill in the blank space with the sending healthcare provider’s name.

SIGNATURE

Sign and date the authorization. Patients between the ages of 12 and 17 may be required to sign the form in addition to their parent/legal guardian, depending on the type of care received. This will be determined by the sending healthcare provider’s protocol.

If you are not the patient, describe your relationship and legal authority to sign on behalf of the patient. In some cases, you may be required to provide legal paperwork verifying your legal authority (e.g., court-appointed guardian, power of attorney for health care). Check with the sending healthcare provider’s office regarding these requirements.
